101 PURPOSE

The purpose of this Employee Handbook is to provide for the proper administration of the affairs of the City of New Haven (hereinafter referred to as the City) and to provide a reference for employees about what is expected of the employee and what the employee can expect from the City as an employer. It is written, adopted, and interpreted exclusively by New Haven’s Elected Officials, and their designees, and is not subject to modification, change, or contrary interpretation by any employee or employee representative except as may otherwise be specifically authorized and recognized by the laws and/or Constitutions of the State of Indiana and United States.

101.01 Role of City Employees. The purpose of City government is to serve the community. Employees of the City are public employees, subject to public scrutiny, with a responsibility to the people, businesses and visitors of New Haven. The quality of service provided by the City to the people of New Haven depends upon the quality of the City’s workforce. Thus, the strength and future of the community depends, in large part, upon employee contributions and employee conduct on the job and the way employees perform their duties. Contact employees may have with the public are often the only basis on which the City government is judged.

101.02 Responsibilities

101.02.01 Each Elected Official, Department Head, and supervisor is responsible for enforcing the provisions of the Employee Handbook and ensuring the policies and procedures are fairly administered and equitably enforced.

101.02.02 City employees are responsible for complying with and adhering to the Employee Handbook, all rules of their department and to the directions provided by departmental management in the fulfillment of City personnel policies, and all other City rules, policies, ordinances, and the laws of the State of Indiana and the United States.
SECTION 1 – ADMINISTRATION AND GENERAL INFORMATION

101.02.03 It is the responsibility of each employee to read, retain, understand, and update his/her Employee Handbook when provided with applicable revisions and additions.

101.03 Administration. The employee policies established herein are intended to cover all employees of the City of New Haven except where otherwise indicated. The Director of Human Resources, under the direction of the Mayor, shall administer the employee policies. Questions about employee policies should be directed to a department supervisor, department head, or to Human Resources. The Director of Human Resources shall monitor these policies and shall make a good faith effort to ensure compliance not only with the letter but also with the spirit of the objectives set forth in these policies.

101.04 Changes to Policies. The Mayor shall authorize changes in the format of the Employee Handbook as necessary for clarification or proper administration. The Mayor may change or amend the provisions of the policies within the Employee Handbook as deemed necessary for the proper administration of the affairs of the City. No City of New Haven Department Head or supervisor is authorized to modify this handbook or make exceptions to policies for any employee or to enter into any agreement, oral or written.

101.04.01 Policy changes having financial implications to the City are subject to the approval of the Clerk Treasurer and City Council.

101.05 Policy Distribution and Availability. It is the responsibility of the Director of Human Resources to ensure that each employee receives a copy of the Employee Handbook at his/her initial employment orientation.

101.05.01 The Director of Human Resources will ensure the most current version of the Employee Handbook is available to each employee and in the Human Resources office.

101.06 Approval and Effective Date. The New Haven Employee Handbook was adopted by City Council on June 12, 2018 and is effective July 1, 2018. It supersedes all previous policies and procedures.

102 ORGANIZATION AND RESPONSIBILITIES

102.01 The City of New Haven is governed by the Mayor, City Council, and Clerk Treasurer. (Mayor, City Council, and Clerk Treasurer will be referred to in this handbook as Elected Official.) The Elected Official is responsible for their area of administration of City business.

102.02 The City is organized into various departments, or offices, to ensure adequate expertise, specialization, and efficient functioning. These departments, or offices, function under the administrative guidance and control of the Department Heads, who are responsible for the day-to-day management and operation of the City.
102.03 Department Heads are appointed by the Elected Officials, as needed, within each City department, or office, to provide proper control and supervision of certain internal and department functions.

102.04 The appointed positions and employees work at the Elected Official’s pleasure. These employees can be separated without cause.

102.05 Each employee's particular duties, obligations, and areas of responsibility are defined in his/her position description and/or by assignment or directive of any Department Head and/or supervisor. Employees are primarily responsible to their immediate supervisor for completion of specific work assignments and the quality, quantity, and timeliness of the work performed.

102.06 The City encourages open communication, feedback, and discussion about any matter of importance to an employee. The employee should first communicate with their immediate supervisor. If the immediate supervisor is unable to provide solutions, the employee may communicate with the next level of management and/or Human Resources, usually in conjunction with their immediate supervisor. The employee will be asked what steps they have taken to resolve the problem or concern before they approached the higher level of authority.

All employees are encouraged to use the Chain of Command to seek resolution to any issues or to provide suggestions. Some departments require their employees to use the Chain of Command. Employees should check with their Department Head regarding the Chain of Command in their department.

103.01.03 Any changes in the Employee Handbook shall in no way alter the Employment-At-Will policy or create a binding contract between the City and any employee.
103.01.04 Employees are encouraged to make suggestions for improvements in personnel policies and practices. Suggestions should be directed to the Department Head, in writing, together with an explanation as to how such a change could benefit the City, your Department, and/or the public.

103.01.05 The City will undertake to accomplish a review of the handbook at twelve-month intervals or as may be indicated by law or change in characteristics of the City workforce.

103.01.06 The Department Heads maintain the ultimate right to manage their work forces, consistent with the policies set forth in this handbook and all applicable State and Federal laws. The Department Heads’ rights include, but are not limited to, determining method and procedure, recommending: number of work force, assignment of duties, compensation of personnel, hours of employment, hiring, disciplining, discharging, and promotion and transferring employees.

The Policies and Procedures of the Parks Dept., Police, Fire, and EMS will supersede this handbook in situations where their manual is written with stricter requirements. In policy areas in which the Parks Dept., Police, Fire, and EMS policy manuals are silent on a topic, the City Employee Handbook will be in effect.

103.01.08 In the event any section of this Employee Handbook or amendment or revisions thereto is held to be unenforceable, contrary to law or otherwise restrained from its full force and effect by a court or other tribunal of competent jurisdiction, the remaining section(s) of the handbook, to the extent that they remain unaffected by such declaration restraint, shall continue in full force and effect.

104 AT WILL EMPLOYMENT

104.01 The policies and procedures set forth in this Employee Handbook are general guidelines only and none of its provisions are binding or contractual in nature. Employment with the City is “at-will,” meaning that employment may be terminated at any time, with or without notice, for any reason or no reason, by either the City or the employee. No verbal statements or promises made by anyone at the time of hire or thereafter contrary to this policy are binding on the City in any manner.
105 PERSONNEL RECORDS

105.01 Retention and Inspection. Human Resources shall maintain the official personnel file for each employee and shall retain those records in accordance with the City’s records retention schedule. An employee’s personnel file is available for inspection by appointment in the Human Resources office by that employee and/or the employee’s immediate supervisor and/or Department Head. Personnel files of employees are the property of the City, and access to the information they contain is restricted. However, the information contained in an employee’s personnel file may be subject to disclosure in accordance with the Indiana Freedom of Information Act.

105.02 Information Update. Each employee shall report to Human Resources within thirty (30) days any change in name, address, telephone number, and family status (births, deaths, marriage, divorce, legal separation, and change in dependents). This information will be maintained by Human Resources. Changes may affect the employee’s benefits.

106 DEPARTMENTAL POLICIES

106.01 General. Each Department Head, with the approval of the Mayor, may develop and implement departmental policies, procedures, practices, rules and regulations which are separate from, or in addition to, the personnel policies contained within the Employee Handbook as long as they are not in conflict with the policies and procedures within this Employee Handbook. It is the intent of the City to comply with all applicable requirements of the Americans with Disabilities Act (ADA).

201.02 The City will reasonably accommodate persons with a disability on a case-by-case basis, which may include making facilities readily accessible to individuals with a disability, restructuring jobs, modifying work schedules and/or equipment, or similar accommodations.

201.03 Employees who want an accommodation should inform their immediate supervisor. Such employees may be required to provide medical information as identified by regulation and subject to HIPAA Medical Privacy Laws and other applicable state and federal regulations.

An individual who cannot be reasonably accommodated for a job, without undue hardship, will not be selected for that position. The Elected Official and the City Attorney will make determination of reasonable accommodation.

SECTION 2 – FEDERAL AND STATE EMPLOYMENT LAWS AND REGULATIONS

203 BREASTFEEDING SUPPORT POLICY

203.01 Purpose. As part of our family-friendly policies and benefits, the City of New Haven supports breastfeeding mothers by accommodating the mother who wishes to express breast milk during her workday when separated from her newborn child. Indiana Code §16-35-6 allows a woman to breastfeed her child anywhere the law allows her to be.

203.02 Accommodation for Lactating Mothers. Indiana Code §5-10-6-2 and §22-2-14-2 provide that state and political subdivisions will provide for any employee who is breastfeeding her child, reasonable break times to express breast milk for her baby up to one year after the child’s birth. Employees will be provided with a private place, other than a bathroom, that is shielded from view and free from intrusion from co-workers and the public, to express breast milk. The room can be a designated space for lactation. If this is not practical or possible, a vacant office, conference room, or other small area can be used so long as it is not accessible or visible to the public or other employees while the nursing employee is using the room to express milk.

All women who breast feed their child and need to express milk during the working day shall work with their supervisor and Human Resources to determine how best to accommodate the needs of the mother while still accomplishing the performance of her job.

Breaks of more than 15 minutes in length shall be unpaid. Employees may substitute accrued vacation and other paid leave time or compensatory leave for the unpaid time. Should the employee perform any work while expressing breast milk, the time shall be compensated.

203.03 Discrimination and Retaliation. The City shall not suspend or terminate the employment of, or otherwise discriminate against, an employee because the employee has asserted her right to express breast milk in the workplace. Discrimination and retaliation are strictly prohibited.

204 EQUAL EMPLOYMENT OPPORTUNITY

204.01 Policy. It is the policy of the City to provide equal employment opportunity to all employees and applicants for employment. The City realizes that equal employment opportunity benefits the City and its employees through the full utilization of all human resources. The City has and will continue to provide equal employment opportunity to all qualified persons and reaffirms its commitment that there shall be no discrimination against, or harassment of, applicants or employees because of race, color, sex, religion, national origin, age, genetic information, disability, veteran status or any other protected status. The City shall continue to recruit, hire, promote, transfer, take corrective action and make all personnel decisions,
including those related to compensation and benefits, non-discriminately and in accordance with applicable law. Further, the City will make reasonable accommodations for qualified applicants and employees with known disabilities who can perform the essential job functions with or without such accommodations.

SECTION 2 – FEDERAL AND STATE EMPLOYMENT LAWS AND REGULATIONS

204.02 **Responsibility.** The City requires all employees to bring to the City’s attention any information regarding any incident of possible discrimination or harassment so that the matter can be investigated and appropriate action taken. Violations of the City’s policy will result in corrective action and/or dismissal.

204.03 **Complaints.** Any employee who feels discriminated against or subjected to unlawful harassment may file a complaint in accordance with Section 5, Policy 513 – Workplace Conduct Policy.

205 FAIR LABOR STANDARDS ACT (FLSA)

The FLSA established minimum wage, overtime, record keeping and child labor standards and applies to all full-time and part-time employees. The FLSA provides for compensatory time in lieu of overtime compensation for non-exempt employees. Refer to Section 6 – Wage and Salary Administration for additional information.

206 FAMILY MEDICAL LEAVE ACT (FMLA)

206.01 **General.** The City shall provide authorized leave for family and medical reasons to eligible employees in accordance with the provisions of the Family Medical Leave Act of 1993. For information on how to file a complaint, contact the Wage and Hour Division. To locate the nearest Wage-Hour Office, telephone their toll-free information and help line at 1-866-487-9243.

206.02 **Eligibility Requirements and Leave Entitlement.**
An employee is eligible for FMLA Leave if the employee has at least 12 months of service and has worked at least 1,250 hours during the 12-month period immediately preceding the commencement of the leave. The 12 months of service need not be consecutive months. 206.02.04 An employee who takes FMLA leave must substitute and exhaust accrued sick leave, vacation leave, and any other accrued leave with pay except compensatory leave before beginning leave without pay status. An employee may choose to use compensatory leave to substitute pay before beginning leave without pay status. Employees who take FMLA leave to care for a qualifying family member can use up to twenty-four (24) hours of accrued sick leave along with other paid leave time. ### SECTION 2 – FEDERAL AND STATE EMPLOYMENT LAWS AND REGULATIONS

If both spouses are employed by the City, the combined total leave is limited to 26 work weeks during a single 12-month period, if the leave is taken to care for an injured or ill service member.

**Leave Calculations.** The 12-month period during which an employee is eligible for FMLA leave will be measured forward from the date the employee takes the first day of FMLA leave.

Entitlement to FMLA leave for the birth of a child or the adoption of a child expires at the end of the 12-month period beginning on the date of the birth or placement of the child.

**Intermittent Leave.**

FMLA leave may also be taken on an intermittent or reduced leave schedule.

If an employee requests intermittent leave or reduced schedule leave that is foreseeable based on planned medical treatment, the City may require the employee transfer temporarily to an available alternative position for which the employee is qualified and that:

i. Has equivalent pay and benefits; and

ii. Better accommodates recurring periods of leave than the regular employment position of the employee.

**Responsibilities of Employee for FMLA leave.**

When the necessity for FMLA leave for the birth or placement of a child is foreseeable because of an expected birth or placement, the employee shall provide his/her Department Head and Human Resources with notice of the employee’s intention to take FMLA leave not less than thirty (30) days before the date leave is to begin. If the date of the birth or placement requires leave to begin in less than thirty (30) days, the employee shall provide notice as soon as practical.
When the necessity for FMLA leave for the serious health condition of the employee’s family member, the employee’s own serious health condition, a qualifying exigency related to a call to active duty, or to care for an injured or ill service member is foreseeable because of planned medical treatment or qualifying exigency, the employee:

i. Shall make a reasonable effort to schedule the treatment so as to not disrupt unduly the operations of the City, subject to the approval of the health care provider; and

ii. Shall provide Human Resources with not less than thirty (30) days’ notice before the date the leave is to begin; except, that if the date of the treatment or qualifying exigency requires the leave to begin in less than thirty (30) days, the employee shall provide the notice as soon as practical.

When an employee takes paid or unpaid leave for a reason that qualifies for FMLA leave, the employee shall include in the notice or request given to the Department Head or Human Resources, a description of the reason for the leave.

Requirement to Notify of Absence – in the absence of unusual circumstances, nothing herein excuses an employee from complying with the requirement to timely notify his or her supervisor of an absence.

Responsibilities of Employer for FMLA leave.

Designation Notification to Employee. The employee shall be notified within five (5) business of receipt of enough information to determine whether the leave qualifies for FMLA.

Medical Certification and Documentation

Documentation for Leave Due to Medical Condition. The City may require medical certification from a health care provider to support a claim for leave for the following:

i. For the employee’s own serious health condition,
 SECTION 2 – FEDERAL AND STATE EMPLOYMENT LAWS AND REGULATIONS

Medical certifications must be returned to Human Resources within fifteen (15) working days. For the employee’s own serious health condition, the certification must include a statement that the employee is unable to perform the essential functions of the position, and expected duration. For leave to care for a seriously ill child, spouse, or parent, qualified service member or qualified exigency the certification must include an estimate of the amount of time the employee is needed to provide care. The City does not seek and should not be provided genetic information. If an employee or applicant’s genetic information is inadvertently received by the City; the City will return it to the health care provider and not use genetic information for any employment decision or action.

206.07.02 Incomplete or Insufficient Certifications. If the City determines that a medical certification provided for leave is incomplete or insufficient, the City may require the employee to cure deficiency and if the deficiency is not cured, the City may deny FMLA leave. The City may also require the employee to provide a necessary HIPAA authorization of the medical certification. If the employee refuses to provide the necessary HIPAA authorization, the City may deny FMLA leave.

206.07.03 Second Opinion. If the City has reason to doubt the validity of the certification provided, the City may require, at the expense of the City, the employee obtain the opinion of a second health care provider designated or approved by the City. A health care provider designated or approved under this paragraph may not be employed on a regular basis by the City.

206.07.04 Third Opinion. If the second opinion described differs from the opinion in the original certification, the City may require, at the expense of the City, the employee obtain the opinion of a third health care provider designated or approved jointly by the City and the employee. The opinion of the third health care provider concerning this information is final and binding on the City and the employee.
If an employee submits a complete and sufficient certification in support of his or her leave because of a qualifying exigency, and the qualifying exigency involves meeting with a third party, the City may contact the individual or entity with whom the employee is meeting for purposes of verifying the meeting or appointment schedule and the nature of the meeting. The City may also contact an appropriate unit of the Department of Defense to request verification that a covered military member is on active duty status.

### SECTION 2 – FEDERAL AND STATE EMPLOYMENT LAWS AND REGULATIONS

**206.08 Health Benefits.**

**206.08.01 Continuation of Benefits.** The City will provide health benefits to an employee while on FMLA leave at the level and under the conditions that would have been provided if the employee had continued in employment for the duration of the leave. After the FMLA is exhausted, this shall constitute a “qualifying event” for purposes of COBRA. For the first ninety (90) days of COBRA coverage, the employee shall pay the same rate of contribution the employee makes to its regular health insurance and the City will pay the balance. After the first ninety (90) days of COBRA, the employee will be responsible for one hundred percent (100%) of the COBRA premiums.

Failure to pay the employee portion of the premiums may result in loss of coverage.

**206.09 Return to Work.** Before reporting back to work following an FMLA absence due to the serious health condition of the employee, the employee must provide a written release from the physician to Human Resources. Human Resources will contact the supervisor to release the employee to return to work.

**206.09.01 Full Duty Release.** An employee may return to work unrestricted and resume normal job duties as set forth in the employee’s job description upon receipt of a release completed and signed by the health care provider indicating full release and the final date of release from medical care.

**206.09.02 Light Duty or Modified Duty Release.** An employee who receives a release from his/ her health care provider that contains any restrictions must follow Section 7, Policy 714 - Modified Duty to determine if modified duty is available.

If an employee fraudulently obtains FMLA leave, the City may deny job restoration or maintenance of health benefits.
206.10 **Separation of Employment.** If the employment relationship terminates, an employee’s right to continued maintenance of health benefits and restoration to their position cease under FMLA, except for the employee’s right to continuation of health benefits under COBRA.

206.11 **Coordination with Workers’ Compensation.** Leave for a Workers’ Compensation injury will be designated as FMLA Leave and run concurrently with Workers’ Compensation Leave.

### SECTION 2 – FEDERAL AND STATE EMPLOYMENT LAWS AND REGULATIONS

#### 207 HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (HIPAA)

207.01 **Policy.** The Health Insurance Portability and Accountability Act (HIPAA) requires the City to ensure that all medical information regarding an employee is maintained in a confidential manner; and protects health insurance coverage for employees and their families when they change or lose their jobs. In compliance with this Act, the City maintains all medical information separate from all personnel files; and provides employees with notices regarding their rights to continued coverage and ensures the City health insurance providers comply with this Act.

It is the policy of the City to limit the use or disclosure of protected health information (1) only as permitted or required by the Privacy Rule, as described in the Notice of Privacy Practices; or (2) as authorized in writing by the individual who is the subject of the information.

207.02 **Applicability.** This policy applies only to those administrative functions by the City associated with health, dental, vision, prescription drug, and flexible spending account benefits provided by the City. This policy does not apply to the responsibilities of the carriers that provide the City’s health, dental, vision, prescription drug, and flexible spending benefit plans to comply with the Privacy Rule. Further, this policy does not apply to individually identifiable health information that is maintained by the City in its role as employer. For example, this policy does not apply to information learned during pre-employment or drug testing, in processing workers’ compensation, or in complying with the Family Medical Leave Act. As such, the City is considered a “hybrid entity” under the provisions of the Privacy Rule, and this policy shall apply only to the health care components previously described.

207.03 **Safeguards.** The City will maintain reasonable and appropriate administrative, technical, and physical safeguards to protect the privacy of protected health information. These safeguards reasonably prevent the intentional or unintentional use or disclosure of protected health information and limit incidental use and disclosure of protected health information.
207.04 **HIPAA’s Effect on other Health Care Information.** Neither HIPAA nor this policy protect individually identifiable health care information required for life insurance, disability insurance, workers’ compensation, or employment records kept by the City in its capacity as an employer.

**SECTION 2 – FEDERAL AND STATE EMPLOYMENT LAWS AND REGULATIONS**

**208 TITLE VI ASSURANCE**

As a recipient of federal funds, the City is required to conform to Title VI of the Civil Rights Act of 1964 (Title VI) and all related statutes, regulations, and directives, which provide that no person shall be excluded from participation in, denied benefits of, or subjected to discrimination under any program or activity receiving federal financial assistance from the Indiana Department of Transportation (INDOT) and the U.S. Department of Transportation (DOT) on the grounds of race, color or national origin.

208.02 The City’s non-discrimination policy prohibits discrimination based on race, color, sex, religion, national origin, age, genetic information, disability, veteran status or any other protected status.

208.03 Title VI of the Civil Rights Act of 1964 is a federal law that prohibits discrimination based on race, color and national origin in the administration of federally assisted programs and activities. Title VI does not cover claims of employment discrimination except in instances where the primary objective of the financial assistance is to provide employment for the service, benefit or program. Title VI has broad applicability. The scope of Title VI includes all programs and activities of federal aid recipients regardless if the programs or activities are federally funded. For more information refer to the Title VI Plan.

**209 EMPLOYMENT ELIGIBILITY VERIFICATION**

209.01 Form I-9, Employment Eligibility Verification, requirements come out of the Immigration Reform and Control Act of 1986 (IRCA). IRCA prohibits employers from hiring and employing an individual for employment in the U.S. knowing that the individual is not authorized with respect to such employment. Employers also are prohibited from continuing to employ an
individual knowing that he or she is unauthorized for employment. This law also prohibits employers from hiring any individual, including a U.S. citizen, for employment in the U.S. without verifying his or her identity and employment authorization on Form I-9.

209.02 The City is required to follow Ind. Code 22-5-1.7 and as such, before being considered for hire, the City shall use the E-Verify Program to verify the work eligibility status of all applicants considered for Employment after June 30, 2011 so long as the E-Verify Program continues to exist.

303.01.01 **Confidentiality of Medical Records.** Unless required by law, all medical
information obtained in an examination by a physician designated and paid
for by the City shall be the property of the City. Unless otherwise required by
law, all records are considered confidential and shall be maintained separate from all personnel files.

i. Nature and severity of the incident or issue;

ii. Time since the incident or issue occurred; and

iii. Nature of the position sought.

304 RE-EMPLOYMENT

304.01 Re-employment. Consideration for re-employment of any former employee may be granted to those applicants who have demonstrated acceptable prior service. Employees who leave the employment of the City and are re-hired shall be treated as new hires in respect to their hire date, service, benefits, and longevity.

SECTION 4 – CONDITIONS OF EMPLOYMENT

401.01.01 Contract Instructors. The City shall conduct criminal history checks on all contract instructors who provide recreation, athletic or other similar programming services that involve the care of or access to a minor, an elderly person and/or a person who is mentally or physically impaired.

401.01.02 Employee Applicants. The City shall conduct criminal history checks on all employment applicants who have been provided a conditional offer of employment.

401.02 Review of Criminal History. A criminal history does not serve as an automatic bar to employment or volunteering with the City. Rather, disqualification will only occur on the basis of a justified business necessity. Factors to be considered may include but are not limited to:

i. The seriousness of the offense;

ii. When it occurred;

iii. The remoteness or any extenuating circumstances of the offense; and

iv. The duties of the applicable job position.

Criminal histories may not be used to discriminate against an individual because of the person’s race, color, sex, religion, national origin, age, genetic information, disability, veteran status or any other protected status.

401.05 Final Determination. The Director of Human Resources and an Elected Official, or his/her designee, shall make a final decision regarding the suitability of the contract instructor, employment applicant, volunteer applicant, employee or volunteer for the position. The City may rescind a conditional job offer of employment or terminate an active contract instructor, employee or volunteer, provided it can demonstrate that the history shows conduct which indicates unsuitability for a particular position. This provision does not alter the City’s status as an at-will employer.
402.01 Under IC 36-1-20.2, individuals who are relatives may not be employed by the City in a position that results in one relative being in direct line supervision of the other relative. A person is in the “direct line of supervision” of an Elected Officer or employee if the Elected Officer or employee is in the position to affect the terms and conditions of the individual’s employment, including making decisions about work assignment, compensation, grievances, advancements, or performance evaluation.

402.02 Relative is defined as spouse, parent or stepparent, child or stepchild, brother, sister, stepbrother, stepsister, niece, nephew, aunt, uncle, daughter-in-law or son-in-law (including half-brothers and sisters and adopted children).

402.03 There is a “Grandfathering clause” in the nepotism law for current elected officials or employees with family relationships that would otherwise be in violation of the nepotism policy unless there is a break in the office holding or in employment. Grandfathered individuals may be promoted as they are subject to the IC 26-1-20.2 chapter. Employees hired after July 1, 2012 who in later years have relatives elected that are in the direct line of supervision will have no promotion possibilities unless the promotion is within the merit ranks for police and fire departments.

402.04 Job applicants or candidates for promotion are required to disclose relatives employed by the City using the Verification of Applicant for Employment for Compliance with Municipal Nepotism Policy Form (402-001).

SECTION 4 – CONDITIONS OF EMPLOYMENT

402.06 Elected Official. Each elected official of the City must annually certify in writing, subject to the penalties for perjury, that the officer has not violated the nepotism law and submit the Certificate of Compliance form (402-002) to the Clerk Treasurer of the City no later than December 31 of each year.

403 OUTSIDE OR SECONDARY EMPLOYMENT

403.01 Policy. Employees may engage in an outside employment activity or enterprise provided that it does not constitute a conflict of interest, adversely affecting the employee’s job performance with the City, or unfavorably reflecting upon the City.

403.02 Interests of the City. With the exception of part-time, temporary or seasonal employees, the City of New Haven is the primary employer.
Workers’ Compensation Insurance. The employee shall not be covered by the City’s workers’ compensation insurance for work performed for another employer.

Outside Employment while on Leave. Approval for outside employment as set out in this policy does not authorize an employee on FMLA leave, sick leave, disability leave, workers’ compensation leave, administrative leave, or an unpaid leave of absence or on modified / light duty to engage in any outside employment.

Adverse Affect on Job Performance. Should the Department Head feel an employee’s outside employment is adversely affecting the employee’s job performance, the Department Head may recommend, but may not demand, the employee refrain from such activity. However, any conflict, policy infractions, or other specific offense which is the direct result of an employee’s participation in outside employment or enterprise will subject the employee to discipline or dismissal, in a manner that is otherwise consistent with the policies set forth in this handbook.

PROBATION

Probationary Period. All employees shall serve a probationary period of ninety (90) days. This applies to new hires or employees who are promoted, transferred or demoted. The probationary period allows time for supervisors to closely observe and evaluate the work of probationary employees and to aid and encourage them in adjusting to the position.

Extension of Probation. Under certain circumstances a probationary period may be extended at the request of the Department Head. The approval of the Elected Official is required to extend a probationary period. The Director of Human Resources must be notified of the extension.

Promotional or Lateral Probation. An employee who transferred or promoted to a new position whose work has not been satisfactory during the probationary period may, with the approval of the Department Head(s), revert back to the employee’s former job position, providing a vacancy exists for the position.

Review of Work. During the probationary period, the probationary employee’s supervisor is responsible for reviewing the quality and efficiency of the employee’s work. The supervisor should attempt to meet with the employee prior to the completion of his or her probation period and provide a progress review. The Progress Review Form (404-001) may be used.

Right of Appeal. An initial hire employee who has been dismissed from the City for failure to successfully complete probation shall have the right to appeal pursuant to Section 8, Policy 802, Employee Grievance and Appeals. Employees who are promoted, transferred or demoted into a new position who have been dismissed from the City for failure to successfully complete the probationary period shall have the right to appeal.
Effect of Probationary Period. The successful completion of the probationary period, and the existence of and access to the appeal procedure shall not constitute any limitation on the rights of the City to manage its affairs. All employees hold their positions at the will and pleasure of the City and may be terminated with or without cause when, in the opinion of the direct supervisor, Department Head, Clerk Treasurer, or Mayor, such action is in the best interest of the City.

405 RESIGNATIONS

Notice of Resignation or Retirement. Employees are encouraged to provide a two week notice to facilitate a smooth transition out of the City. Employees who wish to discuss the possibility of resigning or retiring are encouraged to do so before making a final decision.

Form of Notice. All resignations shall be confirmed in writing.

Pay in Lieu of Notice. The City reserves the right to provide an employee with two weeks’ pay in lieu of notice in situations where job or business needs warrant. Such a decision should not be perceived as reflecting negatively on the employee, given that it may be due to a variety of reasons. The Clerk Treasurer shall be consulted prior to providing pay in lieu of notice.

406 DISMISSAL

Dismissal. Dismissal must be made by, or with the approval from, an elected official, governing body or board, and a representative from human resources.

Appeal. An employee may appeal the dismissal by filing an appeal in accordance with Section 8, Policy 802 – Employee Grievance and Appeals.

SECTION 4 – CONDITIONS OF EMPLOYMENT

407 SEPARATION FROM EMPLOYMENT

Whether by resignation or dismissal the following provisions apply to any separation of employment.

Separation Date. The separation date is the last physical day worked.

Accrued Leave. The use of accrued paid leave may not be used during the last two weeks of employment. The employee will be paid in a lump sum check all remaining personal, vacation, and compensatory leave accrued. If the employee takes paid time off during the last two weeks of employment, then the last day worked prior to their paid time off will become their separation date.
407.04 **Accrued Sick Leave.** Upon separation from employment with the City, any employee with at least ten (10) consecutive years of service will be paid ten (10%) percent of their total unused sick days up to a maximum of six (six) sick days.

407.05 **Health Coverage Benefits.** Health coverage ends on the day of separation. Separating employees, their spouses, and/or dependents that are enrolled in the City’s group health insurance and/or dental insurance at the time of separation may elect to continue participating in the group health insurance and/or dental insurance plan through the Consolidated Omnibus Reconciliation Act (COBRA). COBRA paperwork will be sent to the separated employee’s home. Contact Human Resources for additional information regarding health coverage.

407.06 **City Property.** The Department Head is responsible for the separation process for their employees and is to establish an exit “check-off” list of department specific City property and intellectual property issued. The Employee Exit Checklist Form (407-001) can be used for non-specific departmental City property and intellectual property issued.

407.07 **Exit Interview.** The Human Resources Department will offer an employee voluntarily leaving the City an opportunity for an exit interview. 408.07 Laid off employees and their dependents that are enrolled in the City’s group health insurance and/or dental insurance at the time of being laid off may elect to continue participating in the group health insurance and/or dental plan through COBRA. 503  ATTENDANCE

503.01  **Policy.** To maintain a safe and productive work environment, the City expects employees to be reliable and punctual in reporting to work. Employees are expected to be at their work stations and ready to work at their scheduled start time.

503.02  **Absenteeism and Tardiness.** Absenteeism and tardiness are disruptive and place a burden on the City and on co-workers. Either may lead to corrective action, up to and including termination of employment.

503.02.01  **Reporting.** In the rare instance when an employee cannot avoid being late to work or is unable to work as scheduled, the employee shall personally notify the supervisor by phone as soon as possible in advance of the anticipated tardiness or absence in accordance with departmental procedures. The employee shall disclose to the supervisor whether the absence or tardiness is approved Family Medical Leave or sick leave and the date and time of anticipated arrival. The employee shall personally notify the supervisor on each subsequent day of absence unless the supervisor expressly waives this requirement. An employee who does not personally reach the supervisor by phone shall leave a detailed message with the information described above.

503.02.02  **Failure to Report.** An employee who does not come to work and fails to notify the City of the reasons for the absence for three (3) consecutive scheduled working days or more may be presumed to have voluntarily resigned employment.

503.03  **Excessive Tardiness.** Excessive tardiness on a regular basis is inexcusable and will not be tolerated. Late arrival/tardiness is defined as any situation where an employee reports to work after his/her scheduled starting time. Excessive shall mean any of the following:

i.  Two (2) or more incidents in a seven (7) day calendar period.

ii. Three (3) or more incidents in a thirty (30) day calendar period.

iii. Five (5) or more incidents in a ninety (90) day calendar period.

iv. Ten (10) or more incidents in a three hundred and sixty-five (365) day calendar period. In addition, if an employee is tardy, that employee may be subject to appropriate disciplinary action, unless he/she offers, to the supervisor a written reason for being late which is deemed acceptable by the supervisor.

504  DRESS AND GROOMING STANDARDS
504.01 **General.** The City of New Haven desires to project a positive and professional image of employees representing the City. Employees are expected to dress in a conservative, professional manner that is appropriate to their position and to observe good habits of grooming and personal hygiene. Presenting a professional image creates a favorable impression for the City, promotes confidence in the services the City provides, promotes respect among co-workers, and encourages higher working standards. Employees must remember that they are dressing for business, not for pleasure. Attire must always reflect a professional business attitude and presence.

504.02 **Policy.** The Department Head shall determine which dress standard is applicable in order to maintain acceptable dress and appearance. Employees may be held to different standards, depending upon the work assignment. This policy provides guidelines for appropriate appearance, uniform, and grooming of employees.

504.03 **Application.** This policy applies to all employees. An employee who is in doubt as to which dress standard applies should contact his or her supervisor.

504.04 **Grooming.** Each employee shall maintain a personal hygiene, grooming and general appearance standard that is neat, clean, professional, reflective of the City’s philosophy on pride and professionalism, and is commensurate with accepted general business practices. Examples include, but are not necessarily limited to obscene tattoos, unkempt or unclean hair, a lack of personal hygiene. Facial hair shall be kept clean and neatly trimmed. Nothing in this policy shall prohibit a supervisor from restricting clothing or other personal grooming attributes that may create a safety hazard based on the employee’s job duties.

504.05 **Fragrances.** The City recognizes that some employees can have a reaction or sensitivity to strongly scented products. As such, the Department Heads and/or Elected Officials may decide policy for perfumes and colognes within their Departments. Notwithstanding the foregoing, employees who work at the City Hall building as their main area of work are prohibited from wearing fragrances while at work. This would also apply to those employees who have regular interaction with City Hall but are located elsewhere.

504.06 **City Logo Wear.** An employee shall refrain from wearing attire that displays the City’s logo except when on duty, representing the City, or in route to or from such duty. Further, wearing such attire while engaging in conduct or activity that by virtue of the association discredits the City or places either the employee or the City in disrepute or discredit is prohibited.

---

**SECTION 5 – EMPLOYEE STANDARDS OF CONDUCT**

505 **DRUG AND ALCOHOL-FREE WORKPLACE**

505.01 **General.** It is the desire of the City to provide an alcohol and drug-free, healthy, productive and safe workplace. To promote this goal, employees are required to report to work in
appropriate mental and physical condition to perform their jobs in a satisfactory and safe manner.

505.02 **Prohibition against Alcohol and Illegal and Unauthorized Drugs.** While on City premises, while on duty, while conducting City-related business or other activities off premises, while driving a City-owned or leased vehicle, or while operating or using other City-owned or leased property or equipment, no employee may use, possess, distribute, sell, or be under the influence of alcohol (except under the limited circumstances described below), inhalants, illegal drugs, including drugs which are legally obtainable but which were not legally obtained, and prescribed or over-the-counter drugs which are not being used as prescribed or as intended by the manufacturer.

505.02.01 **On-duty and Pre-duty Use.** Reporting for, or remaining on, duty requiring the performance of safety-sensitive functions is prohibited under the following conditions:

i. While having a breath alcohol concentration of greater than 0.00 as indicated via breath test;

ii. While using alcohol; or

iii. Within four (4) hours after using alcohol.

505.02.02 **Prohibited Drug Use.** An employee shall not report for duty or remain on duty when using or after use of any controlled substances, except when the use is pursuant to the instructions of a licensed medical practitioner who has advised the employee that the substance will not adversely affect the employee’s ability to safely operate a City-owned or leased vehicle, or while operating or using other City-owned or leased property or equipment.

505.03 **Prohibition against Illegal and Unauthorized Drug-Related Paraphernalia.** This policy also prohibits the use, possession, distribution and sale of drug-related paraphernalia while on City premises, while on duty, while conducting City-related business or other activities off premises, while driving a City-owned or leased vehicle, or while operating or using other City-owned or leased property or equipment. Drug-related paraphernalia includes material and/or equipment designed for use in testing, packaging, storing, injecting, ingesting, inhaling or otherwise introducing illegal or unauthorized drugs into the body.

505.04 **Permissive Use of Prescribed and Over-The-Counter Drugs.** The legal use of prescribed and over-the-counter drugs are permitted while on City premises, while on duty, while conducting City-related business or other activities off premises, while driving a City-owned or leased vehicle, or while operating or using other City-owned or leased property or
equipment only if it does not impair an employee’s ability to perform the essential functions of the job (or operate the vehicle, property or other equipment) effectively and in a safe manner that does not endanger the employee, citizens or other individuals in the workplace. Examples of impairment include, but are not limited to, slurred speech, drowsiness, dizziness, confusion, or feeling shaky.

505.05 Mandatory Disclosure by Employees. Employees taking prescription medication and/or over-the-counter medication shall report such use to either their Department Head or to the Director of Human Resources if there is a reasonable likelihood the medication will impair the employee’s ability to perform the essential functions of his or her job (or operate a vehicle, property or other equipment, if applicable) effectively and in a safe manner that does not endanger the employee, citizens or other individuals in the workplace. Examples of impairment include, but are not limited to, slurred speech, drowsiness, dizziness, confusion, or feeling shaky.

505.06 On-Call Employees. Employees scheduled to be on call are expected to be fit for duty upon reporting to work. Any employee scheduled to be on call, and who is called out, is governed by this policy. Sometimes, an employee who is not scheduled to be on call may nevertheless be called out. If this or any other situation occurs where the employee called out is under the influence of alcohol or has a presence of drugs in the system, such that reporting to work would result in a violation of this policy, the employee must so advise the appropriate supervisor on duty. The employee will not be required to report to work.

505.07 Mandatory Reporting of Arrests and Convictions. Employees must notify their immediate supervisor and the Department Head, in writing, of any alcohol or drug-related arrest and/or convictions (including a plea of nolo contendere) or deferred adjudication, for a violation occurring off duty and/or in the workplace no later than twenty-four (24) hours after the arrest and/or conviction.

505.08 Off-Duty Conduct. The City may take corrective action, up to and including termination of employment, if an employee’s off-duty use of or involvement with drugs or alcohol is damaging to the City’s reputation or business, is inconsistent with the employee’s job duties, or when such off-duty use or involvement adversely affects the employee’s job performance. Any employee reporting to work under the influence of illegal drugs or alcohol may be disciplined, up to and including termination.

505.09 Rehabilitation/Treatment. Employees may seek assistance through the City’s employee assistance program.

SECTION 5 – EMPLOYEE STANDARDS OF CONDUCT

505.10 Policy Violations. Violations of this policy will generally lead to corrective action, up to and including immediate termination of employment. Employees with questions or concerns about substance dependency or abuse are encouraged to discuss these matters with their
Drug and Alcohol Testing.

505.11.01 Types of Tests. Testing may include one or more of the following: urinalysis, hair testing, breathalyzer, intoxilyzer, blood, or other generally-accepted testing procedure.

505.11.02 Testing of Applicants. Applicants to whom a conditional offer of employment has been may be required to submit to testing for alcohol and illegal and unauthorized drugs. A positive test result, refusal to test, or attempts to alter or tamper with a sample or any other part of the test, will render the applicant ineligible for consideration of employment or future employment with the City.

505.11.03 Testing of Employees.

i. Employees may be tested for alcohol and/or illegal and unauthorized drugs for the following:

   a. When reasonable suspicion exists; or

   b. In connection with any required treatment or rehabilitation.

ii. Police and Fire/EMS Department employees are also subject to any applicable departmental rules and regulations regarding illegal and unauthorized drug and alcohol testing.

iii. For purposes of this policy, reasonable suspicion is a belief based on articulable observations (e.g., observation of alcohol or drug use, apparent physical state of impairment, incoherent mental state, changes in personal behavior that are otherwise unexplainable, deteriorating work performance that is not attributable to other factors, a work-related accident or near miss accident, evidence of possession of substances or objects which appear to be illegal or unauthorized drugs or drug paraphernalia) sufficient to lead a supervisor to suspect that the employee is under the influence of illegal or unauthorized drugs or alcohol. Supervisors who refer an employee for reasonable suspicion testing shall contact Human Resources and document the specific factors that support reasonable suspicion testing (e.g., the who, what, when, where of the employee’s behavior and other symptoms, statements from other employees or third parties, and other evidence supporting the reasonable suspicion testing). See Section 505.11.05 for additional testing procedures.

iv. Tests will be paid for by the City. To the extent possible, testing will
normally be done during the employee’s normal work time. Any employee who refuses to be tested, or who attempts to alter or tamper with a sample or any other part of the testing process, will be subject to corrective action up to and including termination.

v. A positive test result is a violation of this policy and may result in corrective action up to and including termination of employment. Any employee who is terminated for violation of this policy is ineligible for future employment with the City. (see 503.02)

vi. The City has additional obligations when testing for controlled substances and alcohol for those employees regulated by the U.S. Department of Transportation. Please see the City’s Drug and Alcohol Policy for CMV Drivers for additional information.

505.11.04 Testing Following an On-the-Job Accident. Employees may be tested following an on-the-job accident if any of the following criterial apply:

i. Evidence of an unsafe practice;

ii. Significant damage to property;

iii. Careless operation of a vehicle;

iv. Significant injuries to persons;

v. A pattern of erratic accidents.

505.11.05 Testing Procedures.

i. All testing must normally be authorized in advance by both the employee’s supervisor and the Director of Human Resources or his or her designee. If the supervisor, or his or her designee, is unavailable within a reasonable period of time, the Director of Human Resources or his or her designee may, with sole discretion, authorize the testing of an employee. If the Director of Human Resources, or his or her designee, is unavailable within a reasonable period of time, the Department Head may, with sole discretion, authorize the testing of an employee. For reasonable suspicion testing, testing may not be authorized without the supervisor’s documentation of the articulable factors which led the supervisor to suspect that the employee is under the influence of illegal or unauthorized drugs or alcohol. Testing should be arranged as soon as possible after the supervisor’s articulable observations.
If an employee meets any of the criteria in Section 505.11.03, the employee shall be provided with transportation to the testing facility. A supervisor or other designated City representative may be required to stay with the employee during the testing process. The City may, in its discretion, reassign the employee or put the employee on administrative leave with pay until the test results are received. The City shall make arrangements to have the employee transported home after the testing if necessary.

iii. All substance abuse testing shall be performed by an approved laboratory or healthcare provider chosen by the City. All positive test results shall be subject to confirmation testing.

iv. Test results shall be maintained in a confidential file separate and apart from the employee’s personnel file. Any medical-related information will be confidential and accessible only by Human Resources; Elected Officials and Department Heads on a need to know basis.

506 DRUG AND ALCOHOL POLICY FOR CMV DRIVERS

**506.01 Employees/Applicants Subject to Testing.** City employees who drive a Commercial Motor Vehicle (CMV) requiring a Commercial Driver’s License (CDL) as part of their job duties are subject to alcohol and drug testing as required by the U.S. Department of Transportation (DOT) and the Federal Motor Carrier Safety Administration and as outlined in this policy. The employee’s supervisor or Human Resources will advise the employee if the employee is subject to DOT testing and the terms of this policy. Employees who are not required by DOT to hold a CDL are not subject to this policy. Applicants for employment for a position requiring a CDL are also subject to testing under this policy. Applicants for employment for a position requiring a CDL are also subject to testing under this policy. Employees covered by this policy are also required to comply with the City’s Drug and Alcohol Use Policy. In other words, this DOT Drug and Alcohol Policy is in addition to, not in lieu of, the provisions of the City’s general Drug and Alcohol Use Policy. DOT tests will be completely separate from non-DOT tests in all respects. DOT tests take priority and will be conducted and completed before a non-DOT test is begun. All drug and alcohol testing performed under this DOT Policy will comply with applicable DOT procedures. If this policy conflicts with DOT regulations in any way, the DOT regulations will govern. An employee subject to the provisions of this policy may be a person employed by the City, a contractor engaged by the City or an employee of such contractor. Any City employee who is required to obtain and maintain a CDL drivers’ license as part of their position is subject to testing provisions of this policy. Employees required by DOT to hold a CDL, due to the type of equipment they operate, are subject to this policy. Employees who hold these jobs are required to carry their CDLs when they are at work or are operating City equipment.
**Prohibited Drug Use.** Illicit use of drugs by safety sensitive drivers is prohibited both on and off duty. An employee may not report for duty or remain on duty when using or after use of any controlled substances, except when the use is pursuant to the instructions of a licensed medical practitioner who has advised the employee that the substance will not adversely affect the employee’s ability to safely operate a Commercial Motor Vehicle (CMV). An employee may not report for duty, remain on duty or perform a safety sensitive function if the employee tests positive for controlled substances or has adulterated or substituted a test specimen.

**Required Alcohol and Drug Tests.** The Department of Transportation (DOT) requires the following testing for covered drivers: pre-employment, post-accident, random, reasonable suspicion, return-to-duty and follow-up testing. Before conducting any required DOT testing, the City will notify the driver that the alcohol or drug test is required by DOT regulations.

506.03.01 **Pre-employment Testing.** Drug and alcohol tests will be conducted after a conditional offer of employment is made, but before actually performing safety-sensitive functions for the first time. These tests are also required when employees are promoted, demoted or transferred into a safety sensitive driver position.

506.03.02 **Post Accident Testing.** Post-accident drug and alcohol testing must be conducted as soon as practicable on all individuals performing safety-sensitive functions with respect to a vehicle following an occurrence involving a CMV operating on a public road in commerce, as follows:

i. When the employee is issued a moving traffic violation citation within 8 hours of the occurrence and one or more of the vehicles involved is disabled and must be towed from the scene;

ii. When the employee is issued a moving traffic violation citation within 8 hours of the occurrence and any person involved in the accident is injured to the extent that he/she requires and receives immediate medical treatment away from the scene of the accident; or

iii. In an accident involving a fatality, testing will be performed on anyone who was performing safety sensitive functions with respect to the vehicle.

An employee subject to post-accident testing must remain readily available for such testing or will be deemed by the City to have refused to test. Nothing in this policy shall be construed to require the delay of necessary medical attention for injured people following an accident or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident or to obtain necessary medical care.
In post-accident situations, the City may substitute a blood or breath alcohol test for a urine drug test, so long as the test is performed by state or local law enforcement officials using procedures required by their jurisdictions, provided such test results are received directly from the local jurisdiction or the driver. A positive post-accident test administered by law enforcement will result in the same action as a positive post-accident test performed at the City’s behest.

**Post-Accident Alcohol Testing.** If alcohol testing cannot be administered within two (2) hours of one of the above listed occurrences, a written statement explaining why the alcohol test was not promptly administered must be provided to the Director of Human Resources by the appropriate supervisor. If alcohol testing cannot be administered within eight (8) hours after the occurrence, the City will cease attempts to administer an alcohol test and document the reasons the alcohol test was not administered. This report must be promptly forwarded to the Director of Human Resources.

**Post-Accident Drug Testing.** A driver will be drug tested as soon as practicable but not later than 32 hours after one of the above listed occurrences. If the driver is not drug tested within 32 hours, the appropriate supervisor must prepare a report documenting the reason why and promptly forward the report to the Director of Human Resources.

**Reasonable Suspicion Alcohol Testing.** Reasonable suspicion alcohol testing is permitted only if the reasonable suspicion observation is made during, just before, or just after, the period of the work day the employee is required to be in compliance with this policy. An employee may be directed to undergo reasonable suspicion testing only while the employee is performing, just before performing, or just after performing, safety sensitive functions. If alcohol testing cannot be administered within two (2) hours after the reasonable suspicion observation, a written statement that explains why the alcohol test was not promptly administered must be given to the Director of Human Resources. If alcohol testing cannot be administered within eight (8) hours after the observation, the City will cease attempts to administer an alcohol test and the appropriate supervisor must immediately document the reasons that the alcohol test was not administered; this report must be promptly forwarded to the Director of Human Resources. Notwithstanding the absence of a reasonable suspicion alcohol test under this policy, an employee may not report for duty or remain on duty requiring the performance of safety sensitive functions while the employee is under the influence of or impaired by alcohol, as shown by the behavioral, speech and performance indicators of alcohol misuse.
506.03.04 **Reasonable Suspicion Drug Testing.** A driver will be drug tested as soon as practicable but not later than 32 hours after the reasonable suspicion observation. If the driver is not drug tested within 32 hours, the appropriate supervisor must prepare a report documenting the reason why and promptly forward the report to the Director of Human Resources.

507.04.05 **Random Testing.** Drivers are selected for random, unannounced drug and alcohol testing using a scientifically valid method, such as a random number table or a computer-based random number generator that is matched with the employee’s Social Security number, payroll identification number, or other comparable identifying numbers. Each driver subject to this policy will have an equal chance of being tested each time random selections are made. The number of drivers randomly selected will be in accordance with applicable DOT regulations. Each driver randomly selected for testing will be tested during the selection period. Dates and times for random testing are unannounced and are spread reasonably throughout the calendar year. Each driver selected for random testing must proceed to the test site immediately after notification; if, however, the driver is performing a safety-sensitive function, other than driving a CMV, at the time of notification, the City will instead ensure that the driver ceases to perform the safety-sensitive function and proceeds to the testing site as soon as possible.

506.03.06 **Return-to-duty and Follow-up Testing.** Return-to-duty tests are conducted when a driver who has violated DOT’s prohibited drug and alcohol standards returns to performing safety sensitive duties. Follow-up tests are unannounced, and at least six (6) tests must be conducted in the first twelve (12) months after a driver returns to duty; follow-up tests may be extended for up to 60 months following a driver’s return to duty. Drug and alcohol tests must be negative. The employee will pay all costs associated with return to-duty testing. When applicable, the City will follow all applicable DOT regulations in requiring return-to-duty and follow-up testing. The City is not, however, required to hire an applicant or continue the employment of a driver who has violated DOT drug and alcohol regulations or this policy and it is the policy of the City not to do so. Thus, return-to-duty and follow-up tests are generally applicable only for those seeking assistance. (See 506.07).
506.03.07 **Refusal to Test.** An employee who refuses to be tested in any of the above circumstances, who obstructs the testing process, or who tampers/alters a specimen, will not be permitted to perform or continue to perform safety sensitive functions and will likely be terminated. An applicant who does one of these prohibited acts will not be hired. Except in the case of pre-employment testing, a refusal to test includes the failure to appear for testing within a reasonable time, as well as failure to remain at the testing site until the testing process is complete. Failure to test also includes the failure to provide the required sample with no adequate medical explanation, and the failure to cooperate with any part of the testing process (e.g., refusing to empty pockets when asked to do so, behaving in a confrontational way that disrupts the collection process, or failure to undergo a medical exam or evaluation as directed by the physician medical review officer (MRO) as part of the verification process).

506.03.08 **Additional Information About Alcohol Testing.**

i. **Consequences of a Positive Alcohol Test.** An employee who tests positive for alcohol shall be removed from safety sensitive functions and may be terminated.

ii. **Alcohol Testing Procedures.** A trained breath alcohol technician will conduct alcohol tests. If the alcohol concentration is greater than 0.00, a second confirmation test will be conducted in accordance with DOT regulations, the results of which will determine any actions taken. Any result of greater than 0.00 alcohol concentration is considered a “positive” test. The second, confirmation test results determine if the employee is in violation of this policy. Testing procedures that ensure accuracy, reliability and confidentiality of test results will be followed pursuant to DOT regulations.

506.03.09 **Additional Information about Drug Testing.**

i. **Drug Testing Procedures.** Drug testing is conducted by analyzing a driver’s urine specimen at a lab certified by the U.S. Department of Health and Human Services. The driver provides a specimen in a location that affords privacy and the “collector” seals and labels the specimen, completes a chain of custody document, and prepares the specimen and accompanying paperwork for shipment to a drug-testing lab. “Split” urine specimens provide drivers with an opportunity for a second test, if needed. If the driver challenges the validity of the test, then the employee has 72 hours to request that the split specimen be sent for testing to another certified lab approved by the City’s Director of Human Resources. The second test will be at the driver’s own expense.
ii. **Drugs Tested For.** DOT requires testing for marijuana (THC), cocaine, amphetamines, opiates – opium and codeine derivatives, phencyclidine (PCP). A screening test is performed first. If it is positive for one or more of these drugs, then a confirmation test is performed. Whenever the terms “drug,” “drugs” or “controlled substances” are used in this policy, they refer to the substances listed above. The City will not test for any other substances under this policy. The City may, however, test for other controlled substances pursuant to its general Drug and Alcohol Use Policy.

iii. **Review of Drug Test Results.** All positive drug test results are reviewed and interpreted by a physician medical review officer (MRO) before they are reported to the City. If the lab reports a positive result to the MRO, the MRO will contact the driver (either in person or by phone) and will conduct an interview to determine if there is an alternative medical explanation for the drug(s) found in the driver’s urine specimen. If the driver provides appropriate documentation and the MRO determines that it is a legitimate medical use of the prohibited drug(s), the drug test result is reported as a negative to the City.

iv. **Consequences of a Positive Drug Test.** A driver will be removed from safety sensitive duties and placed on administrative leave if the test returns a positive for drugs. The removal cannot take place until the MRO has interviewed the driver and determined that the positive test resulted from the unauthorized use of a controlled substance. A confirmed positive drug result will result in termination of employment.

506.04 **Confidentiality.** Test results may be released only to the driver, designated City officials, a substance abuse professional, laboratory officials or a medical review officer. Records will also be made available to a subsequent employer or other identified person upon the driver’s specific written request. Test results will not be released to others except as required by law or expressly authorized in the applicable DOT regulations (e.g., the decision maker in a lawsuit, appeal or administrative proceeding initiated by or on behalf of the driver and arising from a positive DOT drug or alcohol test or refusal to test; this includes workers’ compensation and unemployment proceedings.) All test results will be kept in a confidential file by the Director of Human Resources. Management and supervisory personnel who are authorized to have access to alcohol and drug testing results must maintain complete confidentiality regarding this information. City employees who make a reasonable suspicion observation or who witness an accident must also maintain confidentiality. Breach of confidentiality relating to test results, or any other related matters, will likely result in disciplinary action, up to and including termination of employment.

506.05 **Record Retention.** The City will maintain and retain records under this policy as mandated by DOT regulations.
Notification to Applicants/Employees of Positive Test Results. The City will notify applicants of the results of a pre-employment drug test if the applicant requests such results within 60 calendar days of being notified of the disposition of the employment application. The City will notify an employee of the results of random, reasonable suspicion and post-accident drug tests if the test results are confirmed positive, and also which controlled substance(s) verified positive after the MRO confirms the positive. The City will also make reasonable efforts to contact and request each driver who tested positive to contact and discuss the results of their drug test with an MRO who has been unable to contact the driver. The City will immediately notify the MRO that the driver has been notified to contact the MRO within 72 hours.

Employee Admission of Drug/Alcohol Use. An employee who admits to alcohol misuse or drug use must do so in accordance with the City’s general Drug and Alcohol Use Policy; provided, however, the employee may not self-identify in order to avoid the testing requirements of this DOT policy. Further, the employee must make the admission prior to performing a safety sensitive function, i.e., prior to reporting for duty. The employee may not perform a safety sensitive function until the City is satisfied that the employee has been evaluated and has successfully completed educational or treatment requirements in accordance with the City’s general Drug and Alcohol Use Policy. A drug and alcohol abuse evaluation expert, i.e., an EAP professional, a substance abuse professional or a qualified drug and alcohol counselor, will determine successful completion. Prior to the employee performing safety sensitive functions, the employee must undergo a return to duty alcohol and/or drug test with a negative test result.

Safety Sensitive Functions. For purposes of this policy, safety sensitive function or duty means all the time from the time a driver begins to work or is required to be in readiness to work until the time the driver is relieved from work and all responsibility for performing work. Safety sensitive functions/duties include:

506.08.01 All the time at a City, facility, or other property, or on any public property, waiting to be dispatched, unless the driver has been relieved from duty by the City;

506.08.02 All the time inspecting equipment as required by applicable DOT regulations or otherwise inspecting, servicing, or conditioning any CMV at any time;

506.08.03 All the time spent at the driving controls of a CMV in operation;

506.08.04 All the time, other than driving time, in or upon any CMV;

506.08.05 All the time loading or unloading a vehicle, supervising, or assisting in the loading or unloading, attending a vehicle being loaded or unloaded, remaining in readiness to operate the vehicle, or in giving or receiving receipts for shipments loaded or unloaded; and
All the time repairing, obtaining assistance, or remaining in attendance upon a disabled vehicle.

SECTION 5 – EMPLOYEE STANDARDS OF CONDUCT

506.09  **Transportation to Testing Site.** With the exception of pre-employment and random testing, employees will be driven to the testing facility by a supervisor. The supervisor will remain with the employee during the testing process. The City will make arrangements to have the employee transported back to the City or home, as appropriate, after the testing is complete.

507  **PHONE, ELECTRONIC COMMUNICATION AND INTERNET USE**

507.01  **Scope.** The guidelines specified in this policy apply to all regular and part-time, seasonal employees, contract personnel, and volunteers whose access to or use of the technology systems is funded by the City or is available through equipment owned by the City.

507.02  **User Responsibilities.** Employees are representatives of the City in all their communications. Responsible use of the City’s technology systems requires discretion, professionalism and awareness of potential liability. Employees should be aware that when they are utilizing certain technology systems, they are creating City documents. Employees must understand at all times that communication and use of any of the City’s technology systems are matters of public record under the Public Information Act and may be subject to discovery requests.

507.03  **Policy Guidelines.** The following guidelines have been established for using the Internet, City-provided cell phones, tablets, laptops, e-mail, and other technology in an appropriate, ethical and professional manner:

507.03.01  Internet, City-provided equipment (e.g., cell phone, laptops, tablets, computers, etc.) and services shall not be used for transmitting, retrieving or storing any communications of a defamatory, discriminatory, harassing or pornographic nature.

507.03.02  Employees shall not use technology to play or download any games, communicate disparaging, abusive, profane or offensive language; create, view or display materials that might adversely or negatively reflect upon the City or be contrary to the City’s best interests; and engage in any gambling or illegal activities, including piracy, cracking, extortion, blackmail, copyright infringement, and unauthorized access of any computers and City-provided equipment such as cell phones, tablets and laptops.

507.03.03  Employees obtaining information may not copy, retrieve, modify or forward copyrighted materials, except with permission or as a single copy to reference only.

507.03.04  Employees shall not use the system in a way that disrupts its use by others such as streaming video, music or other media that is not work related.
507.03.05 Employees shall not interfere with or disrupt network users, services or equipment including but not limited to: damaging equipment, spreading viruses, impersonating another user, or destroying communications or electronic files.

SECTION 5 – EMPLOYEE STANDARDS OF CONDUCT

507.03.06 Employees shall not use technology systems for personal gain, outside employment, personal business operations, other financial profit or to advertise or solicit funds for political, religious or other personal causes.

507.03.07 Employees should not open suspicious e-mails, pop-ups or downloads. Contact Information Technology with any questions or concerns to reduce the release of viruses or to contain viruses immediately.

507.03.08 Employees shall ensure that all technology related purchases are coordinated with Information Technology prior to the actual purchase.

507.03.09 Internal and external e-mails are considered business records and are subject to the Public Information Act and may be released upon request.

507.03.10 City network user login and password information shall not be shared with or used by other individuals or stored in an unsecured / visible location.

507.03.11 Employees should refrain from making personal calls, personal instant messaging, and personal text messaging, tweeting, or interacting with all social media during the work hours regardless of whether the equipment used is company provided or not.

General. It is the policy of the City, subject to the limitations set forth below, to allow and encourage temporary limited use of employees who are temporarily disabled due to injury or illness, incurred while either off-duty or on-duty, in order to benefit both the employee and the City.

Eligibility. This policy applies to all regular and part-time City employees except temporary employees.

Modified Duty Assignment. A modified duty assignment is a temporary reassignment of an employee with an illness, injury, or medical condition that prevents the employee from performing the full duties of their job classification. The modified duty assignment is one that can be performed within the limitations of the employee’s medical condition.

Modified duty assignments are not guaranteed but will be granted by the Department Head when there is a modified duty assignment available and the employee is qualified to perform the available modified duty assignment.

A modified duty assignment shall not be made to accommodate an ill or injured employee. However, a special offer for a department that would require the reassignment of staff away from or in addition to their regular work assignments may be considered for modified duty if the project is expected to take more than thirty (30) days to complete.

An employee, who is released by the employee’s physician to return to work in less than full duty capacity, may be required to work in a position or department other than the department in which the employee regularly works. Assignments shall be made in accordance with the employee’s limitations and the needs of City services.

Duration of Modified Duty Assignment. All modified duty positions are temporary in nature, subject to the availability of productive work assignments, and shall not exceed twelve (12)

Time Clock Policy

I. TIMEKEEPING SYSTEM OVERVIEW

The City of New Haven is subject to numerous laws and regulations that govern the way we conduct our City. The laws that regulate employee’s wages and hours are designed to ensure that employees are paid as specified, within these regulations.

This policy outlines information pertaining to recording and tracking hours of work, accruals, and making manual edits.

Our official timekeeping system is NOVAtime, which is a Time and Attendance System that collects actual time entered by the employee using the time clock using the NOVAtime software. The data is later transferred to the payroll system where employees are paid according to the hours recorded in the NOVAtime system. NOVAtime captures and records all employee’s time records with the exception of the Elected Officials. The electronic time tracking system allows employees to accurately monitor and keep track of their time and enables the Payroll Office to efficiently process employee time worked and leave taken for payroll purposes.

II. TIMEKEEPING PROCEDURES

A. ALL EMPLOYEES:

Exempt (salaried) and Non-Exempt (hourly) employees must record time and attendance via the NOVAtime system. The time must be approved by the supervisor each pay period. The NOVAtime system tracks exception time (vacation, sick, etc.) for both Exempt and Non-Exempt employees. Exempt Employees and non-exempt employees must have eighty (80) hours worked, for each bi-weekly pay period.

B. OFFICIAL TIME OF RECORD

The NOVAtime electronic time keeping system and associated work records are the official basis for recording hours worked for all employees of the City. This includes but is not limited to all employees including part-time and seasonal. In order to ensure consistency of treatment for all employees, the data recorded in the NOVAtime system shall be considered as the “official” record of the workday. Any disputes over actual hours worked or attendance will be resolved by referring to the NOVAtime records.

APPENDIX 2 – TIME CLOCK POLICY

C. EMPLOYEE TIME REPORTS
The Fair Labor Standards Act (FLSA) and the State Board of Accounts requires the City keep detailed records on time and payments for all employees. NOVAtime electronic timekeeping system is used to record all hours worked and leave taken. These automated time reports must reflect all regular and extra duty hours worked for the payroll period.

D. EMPLOYEE NUMBER

Every City employee is assigned an employee number upon hire. The employee number is unique to each employee and is used for identification purposes. The employee number along with a finger is used to clock in at the time clock location. The employee number is also used with the NOVAtime Web application.

E. CLOCK LOCATIONS

There are two (2) timeclocks located at City Hall one on the administrative side and the other on Police Department side. Other timeclocks are located at the Utility Shop, Fire/EMS Department and the Parks Community Center, Jury Pool and the maintenance building.

F. DAILY CLOCK IN/OUT REQUIREMENTS

It is a job requirement that all must “clock in” at the start of their shift and “clock out” at the end of their shift. Employees should clock in no sooner than seven (7) minutes before/after the scheduled shift and clock out no later than 7 minutes before/after the scheduled shift.

Under certain conditions (such as trainings at an off-site location, extracurricular events, etc.) when an employee cannot “clock in” at their worksite, the employee should report time worked to their supervisor, so their time worked can be manually entered before the end of the pay period.

Employees who consistently miss time clock entries will be subject to disciplinary action.

G. EMPLOYEE ROUNDING RULES

In/Out Punch:
1. All In and Out punches will follow a 15-minute rounding rule with a 7-minute grace. This includes clocking in and out for unpaid breaks.

2. Employees should not clock in more than 7 minutes before the start time; otherwise the punch will round back and could result in overtime.

3. If an employee leaves 8 minutes or more before the shift end time, the punch will round back. If employee leaves 8 minutes or more after the shift end time, the punch will round forward.

APPENDIX 2 – TIME CLOCK POLICY

4. If the employee has no schedule set, but is still working, the rounding rules will follow the same 15-minute rounding rule.
H.  MULTIPLE JOB CLASSES/TRANSFER BUTTONS

There may be instances where employees have multiple job classes. Departments with multiple job classes have transfer buttons on their time clock. It is the responsibility of the employee to ensure they are always clocking for the correct job. Example: Transfer buttons at the Fire Station are Hourly FD (Fire Dept.) and Hourly EMS.

If you are unsure which job class you should be using, please contact your supervisor or the Payroll Office.

Employees who have punched in incorrectly using the wrong job class will need to contact their supervisor immediately before time is imported to payroll.

I.  VIEWING HOURS WORKED

Employees can view their timesheets from any clock location. Additionally, employees have access to the NOVAtime web application. Contact your supervisor or payroll for setup instructions.

1. To view your timesheet from the timeclock – click the ‘view’ button on the timeclock and enter your employee ID number. Follow the prompts to view cumulative time for the current week.

J.  FALSIFICATION, TAMPERING, AND UNAUTHORIZED VIEWING

The following infractions are prohibited and will be considered severe. Due to the severity of these infractions, employees may be subject to immediate corrective action, up to and including termination.

1. Any attempt to tamper with timekeeping hardware or software.
2. Interference with another employee’s use of the NOVAtime system.
3. Unauthorized viewing of another employee’s time in the NOVAtime system.
4. Falsifying time by not clocking in and out at required times.

K.  CLOCK PROBLEMS

If an employee is unable to punch in or out because of a time clock malfunction or network difficulties it is the employee’s responsibility to immediately inform their supervisor. In this situation, the supervisor will manually correct the clock in or clock out information. The supervisor will notify Payroll of any clock problems or malfunctions.

APPENDIX 2 – TIME CLOCK POLICY

L.  LUNCHES
The City provides a lunch break for all employees. Each employee is required to punch out for lunch and back in at the end of the lunch break. The seven (7) minute rounding rule applies to lunch breaks.

1. Due to the nature of some positions, exceptions to the lunch period may be made with the approval of the employee’s Department Head or Elected Official.

**M. BREAKS**

While not required by law, allowing up to two fifteen (15) minute breaks within a scheduled shift is at the discretion of each Department Head. Employees should not clock in and clock out for the fifteen (15) minute breaks due to the breaks being paid time.

**N. UNREPORTED HOURS**

The FLSA does not permit an employer to benefit from the work of an employee without compensating them for such work. Therefore, all hours worked must be reported using the NOVAtime system. Any time spent working while not clocked in (a.k.a. “working off the clock”) is strictly prohibited. Employees are required to clock in before performing any work and are not permitted to clock out until all work has stopped. Employees who under report or fail to report hours worked are subject to corrective action up to and including termination. Examples of “working off the clock” may include:

1. Voluntarily working at the beginning or end of regular working hours;
2. Taking work home to complete on the weekend or in the evening;
3. Checking/Reading/Reviewing work-related emails or listening to work related voicemail message while away from the office or workplace;
4. Answering phones, emails, or attending to customers while clocked out for a lunch break.

Once an employee has clocked in, he/she is responsible for starting work. When a shift has been completed, it is the employee’s responsibility to clock out. If an employee leaves their location to conduct personal business, the employee must clock out. Employees conducting personal business or simply not working while clocked in may be considered “riding the clock” and could be subject to corrective action up to and including termination.

**O. PROCESSING OF ELECTRONIC TIME REPORTS**

Payroll will close the work pay period in NOVAtime according to a bi-weekly schedule. Supervisors must resolve all missed punches and review clock hours for their staff following the close of a pay period. The approved timesheets are due in payroll by 10 am the Monday following the close of a pay period.

---

**APPENDIX 2 – TIME CLOCK POLICY**

**P. DISPUTES OVER TIME CLOCKED IN OR OUT**
In the event an employee has a dispute over time that was clocked in or out, they should bring it to the attention of their supervisor immediately. The NOVAtime tracking system provides a log to assist in validating times and locations of all employees. Any dispute that cannot be resolved using the logs should immediately be reported to the Human Resources Department.

Q. TIME OFF REQUEST

Leave time should be requested and approved in advance. If not possible due to an illness or emergency, leave time can be requested upon return to work when prior approval was not requested. If leave is at the end of a pay period, notify your supervisor to have a manual entry made. Once approved by the supervisor, the leave hours will appear automatically on the employee’s timesheet.

When an employee has a doctor’s appointment, he/she should clock out when leaving, and clock back in upon return. Sick time can be requested in the amount to total an 8-hour day or twenty-four and one half (24 ½) hours for Fire/EMS personnel.

R. DUE DATES

A payroll processing schedule is established at the beginning of each calendar year. The official schedule prepared by the Payroll Office makes exceptions related to holidays and operational necessities, but generally is based on the following sequence of events:

1. Supervisors are encouraged to review and monitor time records during the pay period and make schedule adjustments if needed

2. Supervisors must approve time records in the NOVAtime system by 10 AM on the Monday or first work day following the close of the pay period. Follow the payroll schedule for dates.

3. Supervisors who are not available on the day time records are due should make arrangements with their designee so that time approval duties are carried out.

S. ADDING AND REMOVING EMPLOYEES FROM SYSTEM

New employees will be added to the NOVAtime System by the Payroll Office as soon as possible after employment. The employee number is assigned by the Payroll Office. New employees should obtain their ID number prior to beginning work. The Payroll Office will remove employees from NOVAtime upon receipt of the Payroll Authorization Form from the Human Resources Department to terminate an employee.

APPENDIX 2 – TIME CLOCK POLICY

T. TRAINING
Employee training on how to use the NOVAtime system will be provided to all employees at their new hire orientation. Any additional training will be provided upon request by the Payroll Office on an “as needed” basis. Any request for training should be directed to the Payroll Office.

U. FAILURE TO CLOCK IN/OUT

Employees who have excessive failures to clock in or out violate the Employee Time Clock Policy and will be subject to disciplinary actions. First offenses will result in verbal warnings. Additional offenses will result in written warnings. As with any policy, continued lack of compliance may result in termination. Any instance of falsifying time records will result in immediate termination. Excessive shall mean any of the following:

1. Three (3) or more incidents in a fourteen (14) day calendar period.

2. Five (5) or more incidents in a thirty (30) day calendar period.
